RE: IMPLEMENTATION OF 100% E-VISA

Following a directive by the Cabinet Secretary/Interior and Coordination of National Government to implement 100% online visa, the Directorate held a stakeholders' e-visa consultative meeting on October 15, 2020. The stakeholders resolved that the country would fully automate issuance of visas as from January 1, 2021. The automation will be timely as a mitigation measure against COVID 19 pandemic since it will eliminate physical contact between officers and applicants, as well as handling papers and cash. It is also in line with government policy on digitization of payment and service delivery.

Subsequently, all applications for Kenyan visas will be processed, paid and issued online as from January 1, 2021. The e-visa can be obtained through www.evisa.go.ke portal.

The purpose of this letter is to request you to inform Kenya Missions abroad accordingly and request them to disseminate this information through Mission websites for those who wish to visit Kenya.
